# What is New Hope Christian Foundation?

---

## **1. Introduction**

New Hope Christian Foundation is a non-profit organization. It is based in the state of OHIO in the USA. It is actually working hand by hand with St Andrews Episcopal Church in Dayton, Ohio.

In this document you will find his mission, vision, goals, etc. For questions or further information please contact us. You will find our contact at the end of this document.

## **2. Mission statement**

At some time in our lives, each of us will face inner conflict, stress, emotional pain, loss, persecution, and being rejected; any one of these can push us to the limits of our faith and affect our personal life, marital or family relationships. It is at this time that we need someone we can trust to listen, understand, and help chart a new course filled with real heart-changing solutions. New Hope Christian Foundation is an outstanding example of a Christian Humanitarian ministry and stands for people who are in need, and advocates for them.

Only Jesus can set the captives free. Only Jesus, through the power of the Holy Spirit, can do the deep healing. Using that principle, we merely aim to be watchful and prayerful facilitators, walking alongside of those who are hurting, while God does the healing.

## **3. Vision**

New Hope Christian Foundation came into being from the initiative of Emmanuel Tuyishime and his wife Simone Ingrid Mugwaneza. Emmanuel and Simone are both from Rwanda, they met and became best friends in The Democratic Republic of Congo ( ex -Zaire ) after the Rwandan tragedy which took the lives of thousands of Rwandans. They both lived in that country for 2 years, and departed from each other when Rwandan troops invaded Congo to destroy refugee's camps. At that

time Simone had to go far away through equatorial forest which took her to Tingi-Tingi, a refugee camp, and she ended her journey in Togo where she lived for 12 years as political refugee. At that time Emmanuel was captured and taken back in Rwanda, and then they did not see each other until 8 years later when they got married. After the kind of life they both experienced Simone and Emmanuel came up with a vision to advocate for those who are still living miserable lives as refugees, who are without hope.

### **4. Goals**

- To find sponsors for African kids refugees living in refugee camps
- To provide support for African refugees or any other refugees in need living in the USA.
- To provide guidance for obtaining spiritual and mental health counseling services
- To provide education to facilitate adjustment to a new culture
- To provide classes in English as a second language

### **5. Organization**

The Board of Directors advises the foundation on the strategic direction and management of major initiatives. In addition, each board member assists in fundraising either via New Hope Christian Foundation or expanding the number of business and community partners from the Western countries.

### **6. Conclusion**

NHCF's values, mission statement, and core values are formed through the heart and actions of Christ. Yet, NHCF is not a church. We are however a servant of the church and many other organizations and businesses who desire to work for refugees in need of caring, healing, and love.
